

# Mieye

High school teacher

Helping and seeing my students excel gives me fulfillment.

## DIGITAL TOOLS

## ACTIVITIES

Mieye is 36 years old teacher who spends the day in the classroom teaching or in the office preparing lessons. He also spends his spare time writing content for several websites.

## GOALS AND DESIRES

Mieye would like to facilitate effective communication with parents and improve organization of his schedule.

Mieye would like to broadcast to parents instead of sending emails to individual parents.

## NEEDS

Mieye would like to electronically document his teaching activities to improve organization of his work and also to facilitate communication to parents about progress of their child(ren). Mieye will not like to repeat the same explanation to different parents.

## OBSTACLES AND FRUSTRATIONS

Difficulties in aligning his spare time with that of parents to discuss matters concerning their child(ren).

Since Mieye teaches several classes and many students, he encounters difficulties associating parents to their corresponding child(ren).
